

Anthony Marcavage - Lead Vocals, Guitars, & Mandolin

Anthony grew up in Simpson, PA, near Scranton, which remains to this day the Classic Rock capital of the world. His first band, *That Poor Woman*, based in Northeastern PA, naturally fed the good people of NEPA heavy doses of the Classic Rock hits they desired. But even then, Anthony snuck the music he loves into the sets – classic country and roots such as Merle, Waylon, the Dead, and the Band. Anthony sang and played lead guitar in his next band, *The Loose Ends*, based in Washington, DC. “*The Ends*,” as they were affectionately called by the DC masses, played more Rock-n-Roll, including *Chuck Berry*, *Bo Diddley*, and the early *Rolling Stones*, as well as original songs. Yet, classic country, roots, and blues were always a mainstay. Anthony now sings lead and plays guitars & mandolin in the *All Weather Band*, where he can finally indulge his musical passions in and full. Anthony owes all he is musically to two people, his mother, who raised him on the sounds of *Alabama*, *Garth Brooks*, and *Randy Travis*, and his college roommate and lifelong friend Patrick Garrity, who through otherworldly patience taught him how to play guitar and perform.
